

## NAON SEES WILSON TO PROLONG PARLEY

Mediator Holds Conference With the President.

## WARM SESSION WITH BRYAN

Argentine Minister Seeks to Gain Concession From Chief Executive—Rebel's Provisional President Causes Hitches.

Washington, June 20.—For two hours Secretary Bryan and Minister Naon of the A.B.C. mediators were seated in conference on the Mexican situation. The discussion was earnest and at times heated. When it was over, both participants emerged with glowing countenances.

Secretary Bryan urged that the mediators admit delegates representing the Villa-Carranza combination to the Niagara conference without armistice or other conditions. This, it is understood, Naon insisted could not be done. When the talk ended Naon had promised not to return immediately to Niagara Falls as he intended.

Confers With Wilson.

Later Minister Naon went into conference at the White House with President Wilson and Secretary Bryan. It is understood that at the meeting the president insisted that all parties should be brought into the Niagara proceedings or they would be without practical result. Following the conference at which the White House and state department were that the mediators would change front and that constitutional delegates would be received at Niagara without the armistice condition.

The meeting of Naon and Luis Carranza is significant, according to officials, in that this was the beginning of concessions that will become more pronounced at the next Niagara session. In other words, the state department officials mean that the mediators are now in direct touch with the constitutionalist representatives and that the mediation proceedings would go on.

Minister Naon left for Niagara at 10:45. He was driven from the White House to his hotel in company with Secretary Bryan.

Neither Secretary Bryan nor Minister Naon would say a word concerning their discussion, but it was apparent that the afternoon meeting had not cleared up the threatened ending of the Niagara proceedings. As a result of the conference the end of the mediation may be delayed a few days, but it is believed here it is conceded that mediation has been an utter fiasco.

## CROWD CHEERS AS SHIP SAILS

Former President Tells British People That He Had a "Bully Good Time"—Won't Seek Governorship of New York—Suffers From His Throat.

London, June 20.—Col. Theodore Roosevelt, shortly after the Emperor sailed from Southampton, suffered a recurring touch of jungle fever, according to a wireless message from the liner on Thursday. He had a chill and retired immediately to the Imperial suite, which had been assigned to him.

Southampton, England, June 20.—A warm farewell was given to Col. Theodore Roosevelt, who sailed for New York on the Emperor on Thursday after a whirlwind visit of less than ten days in Europe.

Crowd cheered the former president in London, and there was a friendly demonstration on the streets here and on the pier when the colonel went on board the big Hamburg-American liner. He was accompanied by his daughter, Mrs. Nicholas Longworth of Cincinnati, O., and his cousin, Philip Roosevelt of New York.

Just before the liner sailed Colonel Roosevelt said that he would not be a candidate for governor of New York.

"I absolutely refuse to run for the governorship," he said.

Colonel Roosevelt was accompanied to Southampton by Arthur Lee, a Unionist member of parliament, who was an American statesman's host over the week end.

W. H. Page, the American ambassador, the members of the embassy staff, Lord Bessborough and several other notable persons were at the railway station in London when the colonel left.

Before going aboard the boat train Colonel Roosevelt issued a brief statement thanking the British people for their kind treatment.

"I've had a bully good time," he said.

The colonel and Lord Bessborough posed with clasped hands for the newspaper photographers.

Colonel Roosevelt looked in good health despite the throat weakness which will prevent him from taking an active part in the approaching political campaign in the United States.

"If any one expected me to go into this campaign vigorously I can do so now," said Colonel Roosevelt, who had been warned by Sir Nicholas Longworth, the famous specialist, that his larynx would not stand any severe strain.

## YIELDS TO WOMEN

SUFFRAGISTS FORCE BRITISH PREMIER TO HIS KNEES.

Sylvia Perches Self on Parliament Step for Long Vigil When Official Changes Mind.

London, June 20.—Premier Asquith has capitulated to the suffragists. He has consented to receive a deputation of East end working women in Downing street Saturday morning.

Mrs. Sylvia Pankhurst's attempt to carry out her plan of a hunger strike at the entrance to the house of commons until the premier yielded to the demand that he listen to a delegation of women was largely responsible for the prime minister's decision. The efforts of James Keir Hardie, the Socialist independent member of parliament, and George Lansbury, an ex-member, helped the militant leader to bring the premier to his knees.

The victory is a distinct one, because Sylvia Pankhurst was arrested about a week ago for attempting to lead a procession of East end women to Westminster to demand the audience which Mr. Asquith now has promised.

Miss Pankhurst, weak and pale after her eighth successive hunger strike, left Holloway jail.

The game was the most bitterly contested and the most brilliantly fought game in polo history. It also abounded with sensational plays from start to finish, and the wonderful, reckless riding of the men on both teams sent the crowd crazy with delight over the marvelous horsemanship.

## BRYAN URGES PACT

DECLARES THAT U. S. APOLYGITY TO COLUMBIA IS HERITAGE.

Says Payment of \$25,000,000 Would Restore Friendly Relations in Panama and South America.

Washington, June 19.—There are three reasons why I want this treaty with Colombia ratified:

1. It will produce amity between the United States and Colombia.

2. It will restore friendly relations between Colombia and the Panama republic.

3. It will create a good impression throughout Central and South America and remove much of the prejudice that now exists against the United States.

These were the statements made by Secretary of State Bryan on Wednesday before the senate committee on foreign relations when he appeared to urge the ratification of the Panama canal, and which he for the first time laid before the committee.

Mr. Bryan was accompanied by his personal friend, Charles A. Douglas, who admitted, on being questioned by the committee, that among his other activities he was counsel for the Nicaraguan government and for the constitutionalists in Mexico.

Judge Douglas went to the capital to support the argument of the secretary of state in behalf of the Nicaraguan treaty.

In response to questions about the expressions of regret in the Colombian treaty which amounts to an apology, Mr. Bryan said it was a heritage from the last administration. There was in the files of the administration, he said, a memorandum from former Minister Dubois drawn along the same lines of the language used in the pending treaty, which showed that it had been approved by President Taft and Secretary of State Knox.

With regard to the \$25,000,000 proposed to be paid Colombia, Mr. Bryan said he did not regard it as excessive. He called attention to the fact that in the treaty of a former Republican administration \$10,000,000 had been agreed upon. The \$25,000,000 a year as a leasing privilege for the canal, he said, if capitalized, would bring the total up to \$18,000,000, so that the amount provided for in the treaty could not be considered excessive.

## SPECIAL SESSION OF LEGISLATURE

OHIO SOLONS WILL BE CALLED IN SPECIAL SESSION MID-DE OF JULY.

## OFFICIALS ARE SUMMONED

Meeting Is Not Expected to Last Over Three Days—Planned to Reduce the State Tax Levy.

(By Denny Donovan.)

Columbus, O.—The special session of the legislature is a certainty now. It will be held in the middle of July and will not last more than three days. Only tax matters will be considered. The governor called members of the State Tax Commission to his office to confer on the subject. Proposed legislation will be drafted in advance and the scope of legislation restricted by special messages. The cut in the state levy will not be less than one-third and probably more, it was said at the governor's office.

Want To Classify Property.

The immediate circulation of initiative petitions for a classification amendment to the taxation article of the constitution of the state of Ohio will be made by the members of the state board of commerce, according to an announcement made. The Ohio State Tax League, the Ohio Manufacturers' Association, and the Ohio Association of Real Estate Exchanges, together with scores of local chambers of commerce and real estate boards, have endorsed the proposed amendment. The proposed amendment will provide that no money can be spent in excess of an amount raised by the 10-mill levy, exclusive of sinking fund and interest, without the consent of the electors, and that the taxation rate can not be increased, but the electors by vote can increase the rate of indebtedness. Another provision requires the classification of property for taxation purposes into three classes—real estate, tangible personal property and intangible personal property. The rate of taxes on these classes is to be fixed by the legislature. The general assembly is also given power to exempt mortgages from taxation, declared to be one of the most flagrant violations of double taxation.

Quarantine In Effect.

Townships in Auglaize, Allen, Putnam and Van Wert counties, included in the territory in which United States funds are to be expended in an effort to stamp out hog cholera, are under quarantine. All railroad cars will be fumigated before they pass into or out of the district. No swine can be shipped into it while the quarantine is on unless the cars carrying them have been fumigated and placed in a sanitary condition, and the swine can be shipped out of the district until they have been properly inspected. Every farmer will be required to post on his front gatepost either a yellow or white card, the yellow showing that he has hogs on his farm infected with cholera, and the latter indicating that his hogs are free from the disease.
